

Introduction to Keyboarding

Exploring Mavis Beacon Teachings Typing

This is a self paced course using [Mavis Beacon Teaches Typing](#). The instructor will help the student register, set up goals and start the lessons.

During this half-day course, the students will work at their own pace to complete lessons and games that improve their typing skills. The instructor will monitor progress and assist in choosing options to help improve typing speed and accuracy.

At the end of class, the student will take the CD home to continue their practice.

- Mavis Beacon Teaches Typing has over 250 lessons and 10 age appropriate games that help improve typing skills and keep track of progress.
- Speed Tests will provide instant feedback on typing speed.
- Charts and graphs track progress over time.
- Typing instructions in English and Spanish.
- Three different keyboard layouts available.
- Multiple logins available so the whole family can practice.

PRICE: \$100, including Mavis Beacon Teaches Typing CD
